

New PROGRAMS

MedicAlert® Safely Home®

MedicAlert Foundation Canada and the Alzheimer Society of Canada have joined forces to help bring people living with Alzheimer's disease and other dementias safely home.

MedicAlert *Safely Home* membership is \$60 for one year and includes a free MedicAlert 'Blue' ID for first time registrants that's exclusive to people living with dementia.

How the program works in an Emergency:

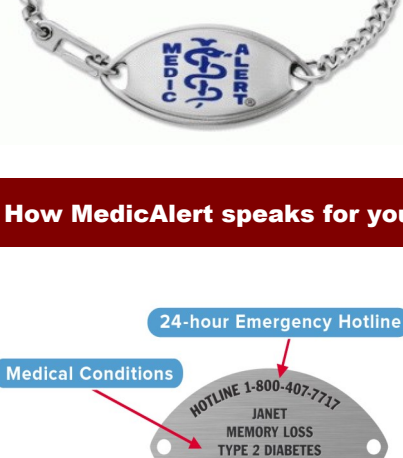

LOOK: A first responder sees the official 'Blue' MedicAlert ID

READ: They understand the person wearing the ID has dementia.

CALL: They call the 24/7 Emergency Hotline and MedicAlert can quickly contact caregivers or family about the situation, reducing anxiety for everyone.

How MedicAlert speaks for you

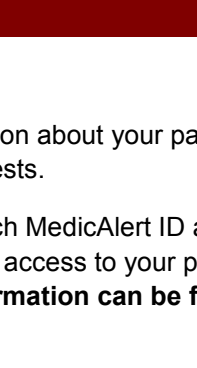

LOOK FOR THE EMBLEM

New Products...

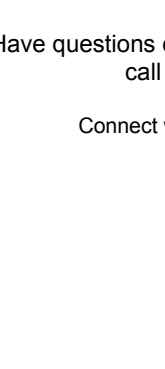

New Turquoise Mercedes ID

New Citizen Wide Luminous Watch

New Sterling Silver Heart Medallion

New Bicycle Chain ID—Black

ALWAYS REMEMBER:

LOOK to see if your patient is wearing a MedicAlert ID.

READ the engraving on the back to learn vital information about your patient's allergies, medical conditions, and special needs or requests.

CALL the 24/7 Emergency Hotline # on the back of each MedicAlert ID and you will **connect to a live agent in less than 5 seconds** for access to your patient's medical information and emergency contacts. This **information can be faxed** to you or to place of transport.
